ARZA Australia

The Voice of Progressive Zionism

## **TBI SUPPORTS ARZA AUSTRALIA MEMBERSHIP**

The Australian Reform (Progressive) Zionist Association is a not-for-profit organisation that works to represent the views and values of our progressive Jewish community.

**ARZA** works to support an Israel, which lives in peace and security as promised in the Declaration of Independence. **ARZA** also works to strengthen the progressive movement in Israel and bring equality to all Jews, both in Israel and the Diaspora.

**ARZA** values your support as members to help send delegates to participate in the World Zionist Congress, to increase the progressive movement's voting power and to bolster our influence in Israel and the Diaspora, in the name of equality and pluralism.

Your membership of **ARZA** gives you, as a progressive Jew, an effective vote at the World Zionist Congress. The greater the membership of **ARZA**, the greater the number of delegates from the Australian progressive movement and the louder our voice is heard.

Locally, your support for **ARZA** also helps Australian progressive youth through the provision of grants, resources and programs to Netzer, (Australia's progressive Jewish youth movement) and other young people undertaking leadership training.

**ARZA** membership is strongly supported by the TBI Rabbis and the TBI Board of Governance.
